EDUCATION

Jaypee Institute Of Information Technology

09/2022 – 04/2026

Bachelor of Technology - ECE - **CGPA - 8.4**

Noida, India

Academic Global Public School

03/2020 – 03/2022

Central Board of Secondary Education - **Percentage - 88%**

Gorakhpur, India

WORK EXPERIENCE

GENCE STUDIO 📄

March 2024 – May 2024

Software Engineer Intern

Remote

- Revamped the platform UI by migrating from AngularJS and Bootstrap to **React and Tailwind**, increasing responsiveness **by 60%** and improving user engagement.
- Spearheaded **CI/CD pipeline** integration with GitHub Actions and **Firebase Hosting**, reducing deployment time from **25 minutes to under 8 minutes**.
- Led the development of **authentication pages** using **Firebase Authentication**, integrated Uppy for **2x faster** file uploads to Firestore, and collaborated with cross-functional teams to implement **backend APIs** and design systems.

PROJECTS

SwiftLink 📄 | Javascript, t.ly API

2024

- Engineered a custom Chrome extension integrating the t.ly API for real-time URL shortening, simplifying sharing on platforms like LinkedIn with **one-click URL generation and copying**, resulting in a notable **30% increase in productivity** by eliminating the need for external sites like Bitly.

CineStream 📄 | React, TMDB API, Firebase

2023

- Built a **responsive media browsing** platform using ReactJS, improving trailer discovery efficiency **by 40%** through a clean, distraction-free interface.
- Integrated **YouTube API** for seamless trailer playback and **TMDB API** to fetch real-time data on 5000+ movies and shows.
- Deployed on Firebase with polished UI and secure **Firebase Authentication** for seamless user experience.

NewsFlasher 📄 | React, News API

2023

- Developed a clean, ad-free news platform using React with infinite scrolling and categorized sections, reducing user drop-off caused by cluttered interfaces.
- Integrated a News API to dynamically **render 100+** daily articles with author details, timestamps, and source info, improving content clarity and user engagement.

TECHNICAL SKILLS

Languages: C++, C, SQL, Javascript

Concepts: Computer Networks, Operating Systems, Object Oriented Programming(OOPs)

Technologies/Frameworks: React, Firebase, TMDB API, Youtube API, t.ly API

ACHIEVEMENTS

- 3 star on CodeChef **with a rank of 377** out of **41,493 participants** in Starters 153 (Division 3).
- Achieved a maximum rating of **1662 on leetcode**(500+ problems).
- Achieved 5 merged pull requests during **Hacktoberfest 2023** and secured a spot in the **top 30** teams for **Smart India Hackathon** (SIH) through a college-level hackathon.
- **Headed the digital team** of Parola, a literary and debating society, and successfully organized JOUST (MUN), creating impactful posters and managing an event with **1000+ participants from across NCR**.
